TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Brookline, in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Daniels Academy Building in said Town of Brookline on Tuesday, the Fourteenth day of March next at two of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise and appropriate such sums of money as may be necessary to defray Town Charges for the ensuing year.

3. To hear reports of Agents, Auditors, Committees, and all other officers heretofore chosen, and pass any vote relative thereto.

4. To see what sum the Town will vote to raise and appropriate for Highways and Bridges.

5. To see what sum the Town will vote to raise and appropriate for the Public Library.

6. To see if the Town will vote to authorize the Selectmen to distribute inventory blanks when assessing, instead of mailing.

7. To see what sum the Town will vote to raise and appropriate for cemeteries.

8. To see what sum the Town will vote to raise and appropriate for Memorial Day.

9. To see if the Town will vote to raise and appropriate the sum of \$435.60 to secure State Aid for permanent improvement of highways.

10. To see if the Town will vote to authorize the Selectmen to renew the license of Brookline Speedway Inc., for conducting auto racing and other sports permitted by State Law, in the Town of Brookline on Sundays.

11. To see if the Town will vote to allow any discount on taxes.

12. To see if the Town will vote to sell any property acquired by Tax Collector's deed.

13. To see if the Town will vote to raise and appropriate the sum of \$40.00 for a swimming instructor.

14. To see if the Town will vote to raise and appropriate the sum of \$150.00 to purchase the portable pump now being used by the fire department.

15. To see if the Town will vote to charge a penalty of twenty cents on each poll tax remaining unpaid after September first.

16. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

17. To see if the Town will vote to raise and appropriate the sum of \$450.00 to purchase a Dowden Electric Speed Recorder for the use of the Police Department.

18. To see if the Town will vote to raise and appropriate the sum of \$150.00 for spraying elm trees and maple trees, said sum to be used where property owners contribute 50% of the cost of said spraying on their property.

19. To see if the Town will vote to raise and appropriate the sum of \$300.00 for cutting and removing trees.

20. To see if the Town will vote to raise and appropriate the sum of \$100.00 for civil defense or take any action relative thereto.

21. To see if the Town will vote to authorize the Selectmen to contract for the following services: Custodian of Town Dump, Janitor at Daniels Academy Building, and Snow Plowing, or take any action relative to each.

22. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the "Capital" Reserve Fund for Fire Fighting Equipment."

23. To see whether the Town will vote to rescind all previous votes pertaining to title transfer of the land supervised by the Melendy Pond Authority.

24. To see if the Town will vote to authorize the Melendy Pond Authority to continue to expend receipts from lease of lots for the purpose of improving the project. This authorization to continue in effect until such time as the Authority decides that the entire proceeds are not needed.

25. To see if the Town will vote to re-name the portion of Mason Road extending from Daniels Academy Building intersection to Route 13 as "Meeting House Hill."

26. To see if the Town will vote to raise and appropriate the sum of \$225.00 for sanding and finishing the floors in the upper hall of Daniels Academy Building.

27. To see if the Town will vote to raise and appropriate the sum necessary to paint the exterior of Daniels Academy Building.

28. To see if the Town will vote to accept the following legacies: The sum of \$100.00 from Myrtle Rockwood, the income from same to be added to the present fund of \$100.00 to be used for the perpetual care of the George Rockwood Lot in Pine Grove Cemetery; The sum of \$200.00 from Margaret Tassinari, the income from same to be used for the perpetual care of the Herbert Tassinari Lot in Pine Grove Cemetery.

29. To see if the Town will vote to raise and appropriate the sum of \$75.00 for the cost of operating the "flashing beacon" at the intersection of Route 13 and Mason Road.

30. To see if the Town will vote to raise and appropriate the sum of \$300.00 for erecting a gate, and clearing around the Town Dump, or take any action relative thereto.

31. To see if the Town will vote to have a supplemental history compiled covering the historical events from 1914 to the present time, and if so, to see what sum the Town will vote to raise and appropriate for the cost of compiling the information, or take any action relative thereto.

32. To transact any other business that may legally come before said meeting.

POLLS OPEN FROM 2 P. M. TO 7 P. M.

BUSINESS MEETING STARTS AT 7:30 P. M.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and sixty-one.

CHANNING B. MOULD

DAVID R. GROGAN

NASON W. FESSENDEN

Selectmen of Brookline

Tax Rate—\$6.70 Per \$100.

* Note: Cash Surplus—Difference between CASH balance and current liabilities excluding long term debt as of December 31.

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First—by setting a good example YOURSELF—being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second—by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning—don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes from moving vehicles—make sure they are out—use your ash tray.
5. Don't burn at home—use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, 2

Number of acres burned, $\frac{3}{4}$

Number of permits issued, 84

NASON W. FESSENDEN

Forest Fire Warden

REPORT OF THE POLICE DEPARTMENT, 1960

I would like to take this opportunity to thank all of the residents of Brookline, who have co-operated and contributed to make this a pleasant and successful year for the Police Department.

I would like to thank Mrs. Anita Taylor for the many hours at the police radio, increasing the efficiency of our Police Department, other departments and the radio network of the surrounding towns.

I think that we all owe thanks to Officer Robert Ward and the fine work he has done with the School Safety Patrol, and congratulate Mrs. Varney and the members of the School Safety Patrol for the fine job done during 1960. In 1960, through the efforts of the P.T.A. and the Police Department, two members of the patrol were able to attend the Jamboree in Washington, D. C., and the entire patrol was able to spend the day in Concord, N. H., learning about our State Government.

As you will notice by the activity report, there were only 11 reportable automobile accidents in 1960 which is a 50 per cent or better reduction in auto accidents over the previous year, certainly a step in the right direction.

As to the enforcement side of the picture, over 400 motor vehicles were checked by the Police Dept. either for violations, check-up or equipment. 92 summons were issued for motor vehicle violations, nine for other. I would finally like to thank the residents and the Selectmen for their fine co-operation in the correcting of the Rt. 13 and Mason St. intersection adding to the safety of all.

Respectfully submitted,

ALVIN W. TAYLOR

Chief of Police

SCHOOL CALENDAR — 1960-61

Begin	Close
Wednesday, September 7, 1960	Wednesday, December 21, 1960
Tuesday, January 3, 1961	Friday, February 17, 1961
Monday, February 27, 1961	Friday, April 21, 1961
Monday, May 1, 1961	Approximately June 23, 1961

Holidays:

October 21—Teachers' Convention
 November 24 & 25, 1960—Schools close at 12:15, Nov. 23, 1960
 May 30, 1961—Memorial Day

SCHOOL CALENDAR — 1961-62

September 6 (Wed.) — December 22 (Fri.) (November 23, 24)	75 days
January 2 (Tues.) — February 16 (Fri.)	34 days
February 26 (Mon.) — April 20 (Fri.)	40 days
April 30 (Mon.) — Approximately June 19 (Tues.) (Memorial Day, May 30)	36 days
	<hr/> 185 days

Schools close at 12:15 on Nov. 22. Teachers Convention Oct. 20—schools will close to encourage teachers to attend their Convention. The closing date will be revised as the number of days for convention, workshop, or bad weather is known. Under any conditions, schools will close at the end of 180 pupil days.

WARRANT FOR ANNUAL SCHOOL MEETING

The State of New Hampshire

*To the Inhabitants of the School district in the town of
Brookline qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the Seventh day of March 1961, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are

estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will raise and appropriate the sum of \$1,100.00 as a Deficiency appropriation payable on or before June 1, 1961, to reimburse the district for extra costs due to transportation.

10. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source.

11. To see if the district will vote to raise and appropriate the sum of \$85,000.00 to be used together with the balance in the Capital Reserve Fund for the construction of, alterations to, additions to, special repairs to and furnishings and equipment for an Elementary School Building to be constructed and erected on School District land located on Milford Street; to authorize the raising of the sum of \$85,000.00 or any portion thereof by the issue of serial notes or bonds upon the credit of the School District in accordance with the New Hampshire Revised Statutes 1955, Chapter 33 (entitled Municipal Finance Act) as amended and any other statute thereto enabling; to authorize the school board to use its discretion in fixing the date, maturities, denominations, interest rate or discount rate in the case of notes, the place of payment, the form and other details of said bonds and notes and of providing for the sale thereof; to give to the school board the power and authority to determine all other terms, conditions or matters relating to the issuance and sale of said notes or bonds; to authorize the school board to do any and all things necessary or convenient to carry out the

purpose and intent of this Warrant Article including but not by way of limitation, the employment of architects, surveyors, or engineers and the execution in the name of the district of such contracts or contract as may be necessary or required to carry out the purpose and intent of this Article.

12. To see if the district will elect a five member committee to advise and assist the school board in the building of said school.

13. To see if the district will vote to raise and appropriate the sum of \$1,700.00 to meet the first semi-annual installment of interest on the bond issue.

14. To see if the District will vote to build and equip a new Elementary School of four classrooms with adequate sanitary service and administrative facilities, on land now owned by the School District.

15. If the preceding article is adopted, to see what sum the district will vote to raise and appropriate for School Construction, equipment and furnishings for such a School, said sum to be in addition to the present Capital Reserve Fund allocated for School Construction; and whether the district will vote to authorize the issue of serial notes or bonds upon the credit of the District for all or any portion of the sum so raised and appropriated; and to authorize the School Board to determine the terms and conditions upon which the notes or bonds shall be issued including their sale, the time and place of payment of principal in accordance with Chapter 33 of Revised Statutes Annotated.

16. If the district has adopted the articles above, to see if the District will vote to appoint a building committee to consist of the School Board and five citizens to be selected by the Voters at the meeting, to supervise the construction of said building, provided that the plans and specifications shall

be approved by the School Board acting alone as required by law, and the School Board be further authorized to execute any and all contracts or agreements necessary in connection with the construction of said building in accordance with Chapter 199 of Revised Statutes Annotated.

17. To transact any other business which may legally come before said meeting.

Given under our hands at said Brookline this Fourteenth day of February, 1961.

--	-----------

TOTAL APPROPRIATION	<u>\$ 71,714.21</u>
---------------------	---------------------

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Brookline School District held March 3, 1960.

MRS. RUTH McGHEE,

Clerk of the School District

ADMINISTRATION

This is the 44th in the Series, 22 of which have been mine. This being the last for me, I think back to the first and quote: "It is my plan to adjust myself to the organization as I come into it, to suggest changes only as the need arises, or a change will better serve the pupils in the schools." This philosophy still holds and the future will show how faithfully it has been followed. Welfare of pupils is the test of every action.

Teachers

There were no teacher changes in the past year. The combined experience of the four regular teachers here now stands at 23½ years, which is good sign of mutual satisfaction.

Duties

With a new Superintendent coming in and the present one retiring, I think it pertinent to recall what School Boards and Superintendents do. Space prevents listing all the activities which they collectively or individually perform.

A. School Board duties are:

- Elect teachers upon nomination of Superintendent and fix salaries and term of employment.
- Employ janitors and other employees.
- Authorize purchases.
- Provide suitable school facilities and transportation.
- Prepare budgets and see that proper accounts are kept.
- Hold meetings to transact business.
- Determine, upon recommendation of Superintendents, subjects to be taught and time devoted to each.

B. Superintendent's duties:

- Must give his entire time to the position.
- Enforces rules, laws, regulations that concern schools and the welfare of children.
- Directs and supervises the work of teachers and janitors.

Nominates teachers (i.e., he seeks the candidates and asks the School Board to approve them.)

Selects and purchases books and supplies.

Keeps records and makes reports.

Removes teachers who are immoral or incompetent.

Provides substitutes and may secure fuel or other supplies if the School Board fails.

Admits pupils, assigns them to class, promotes them and recommends their graduation.

Just a quick glance at the above will show you the general duties. There are innumerable specifics that may or may not be covered by the above. Let it be said that the School Board is intended to be a policy-making and a legislative body. As such, it must act as a body with the will of the majority governing its actions. The Superintendent is the executive officer and the administrator for these actions, as well as those prescribed by law or regulation.

In general, let it be said that Education is a state function as outlined in Art. 83 of our Constitution. The General Court, in turn, has given authority to a State Board of Education and to local districts to perform certain functions with regard to schools. So, in many respects there is a clear line of responsibility descending from the state to all its local units, and the reverse in ascending form.

Financial

I go back to 1940 again to review the budget presented there to find the total was \$6,965.00 for some 90 pupils locally, and 21 tuitioners. Twenty years later the total is \$66,714.00 for 123 pupils and 78 on tuition. I find also that the per pupil Elementary costs for the previous year were: Amherst \$72.63, Brookline \$62.09, Hollis \$63.92, Milford \$62.21 and Mont Vernon \$106.37 with the State median at \$81.07. Today's figures would read: Amherst \$241.33, Brookline \$197.69, Hollis \$231.47, Milford \$229.42 and Mont Vernon \$213.29 with the state average at \$262.00. As was stated in my first report; "These figures should point to the fact that your schools have not been conducted at excessive cost."

Finis

I invite your attention to all the other reports that are included herewith. They represent work accomplished and deserve your consideration.

As I pay my final respects to each and every one of you, it is with appreciation and gratitude that our relations have been so mutually cordial and cooperative. As a farewell gesture, I desire to commend all my friends for their patience and forbearance in my humble undertakings and to forgive my enemies. I want to leave with nothing on my conscience. I know I leave with much unfinished work. But, so it is with any who lays down his labors for another to take up. However, I am still alive and hope to continue a lively interest in your affairs. I shall think about them often.

So, with this, I say "Au Revoir."

Very respectfully,

HAROLD C. BOWLEY

Superintendent of Schools

REPORT OF OUR HELPING TEACHER

Exceptional Children

An exceptional child is one who for one reason or another requires special attention in order to maintain himself in the educational process. He is one who differs physically, emotionally, or intellectually from his classmates and whose needs must be met according to these differences. It has been said that the quality of a school's service to all its pupils is related to its efforts with the exceptional pupil.

The grouping practices in the schools in Supervisory Union #40 have been an attempt to consider the individual differences to be found among our children. For a majority of them these needs have been met to a considerable degree. Most of the teachers realize that mass production may be desirable in a factory but impossible in education. They are concerned with the varying factors of exceptionality which, if not considered through special programs, prevent the child from achieving according to his own ability. Although we recognize that individualized instruction is the best possible way to educate any child, its cost in additional teachers would be prohibitive if all children were to receive this type of education. Our large average group seems to be adequately cared for by our present grouping practices. To a great extent the fast learning and the gifted seem to be sustaining less and less loss as the teachers are becoming increasingly aware of their needs and are providing enrichment and acceleration which offer them the challenges they require. We realize that the problems of motivation, instruction and guidance may reach a better solution within the classroom when children are grouped with others of similar abilities. This has been quite evident since the inauguration of our present program which starts and continues with the premise of a child's readiness for the subject matter and concepts to be acquired.

In spite of this practice we find a few children who receive insufficient benefit from it because of the very nature of their exceptionality. These are the pupils who are so outdistanced by the more rapid learners that they must be given a great deal of individual attention in order to maintain themselves within the classroom. Their instruction must be individualized. This involves special teaching techniques, the

use of separate and different materials, extra help and drill. This has been proven the best if not the only way to provide them with an educational opportunity equal to that of other pupils. Past methods have been inadequate and in many instances detrimental. Behavior problems are engendered when the pupil repeats grade after grade and finds himself with much younger children. Social promotions may help the pupil in one way but cannot solve the problems created when the teacher must take time from the rest of the class to give him as much of her attention as is necessary to teach him even a minimum of subject matter. Often he vegetates in one room after another, getting what little he can but seldom as much as he is mentally able to acquire. He remains an underachiever. If these children were together as a group rather than scattered throughout the several schools within the Union, their needs might be more adequately met.

Need For A Program

At the request of the Union School Boards I have attempted to identify these children and to present an acceptable program which will bring together these children from Amherst, Brookline, Hollis, Milford, and Mont Vernon. 86 children were individually tested after being selected by teacher recommendation and information obtained from guidance folders based upon previous tests. About 45 of these pupils were considered eligible for special classes and represent slightly over 3% of the 1391 children in the present Grades One through Six. Considering the vast amount of individualized instruction necessary to teach these children it is customary to limit the class size to about 16. We hope to have two classes based upon chronological ages and that will be offered the type of program suitable to each age group. Provision for the location and costs of maintaining this program are considered elsewhere in the school report. Each district will have an opportunity to participate in this venture—a program which will at last care for the educational needs of these children. The costs given are a maximum with quite favorable prospects of being reduced. The outlook for legislative action this year is very encouraging. Financial help from the state may be forthcoming.

The School Boards and Superintendent of Supervisory Union #40 are to be commended for their interest and efforts in behalf of this

program to the end that all children shall have an equal opportunity for an education. I wish to thank them along with the principals and teachers, parents and friends who have made this past school year an educationally profitable one for so many of our children.

Respectfully submitted,

MABEL I. CONNOLLY

SYNOPSIS OF SCHOOL MEETING

March 3, 1960

Met according to the call of the warrant, the warrant being read by Alton Jensen, Moderator pro-tem.

Article 1: Voted that the clerk cast one ballot for Alton Jensen for moderator for the coming year. Vote was cast and Alton Jensen was declared elected, and took the oath of office before the clerk.

Art. 2: Voted that the moderator cast one ballot for Ruth McGhee for clerk for the ensuing year. The vote was cast. Ruth McGhee was declared elected and took the oath of office before the moderator. Voted not to adjourn the meeting.

Art. 3: Voted that the clerk cast one ballot for George Shedd for member of the school board for the ensuing three years. The vote was cast, George Shedd was declared elected, and took the oath of office before the moderator.

Art. 4: Voted the clerk cast one ballot for Louise Corey for treasurer for the ensuing year. The vote was cast. Louise Corey was declared elected and took the oath at a later date.

Art. 5: Voted to pass the article and consider it under article eight.

Art. 6: Voted to accept the reports as printed in the warrant.

Art. 7: Voted that the auditors elected by the town be auditors of the school district.

Voted that the moderator appoint a school study committee to study the facilities we have and to make a report from which the school district may decide whether to set up a building committee at the next town meeting.

The following committee was appointed: Thomas Arnold, Beatrice Hall, Dorothy Haight, Dorothy Wood, Donald Sommers.

Art. 8: Voted that the school district raise and appropriate the sum of \$66,714.21 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Art. 9: Voted to raise and appropriate the sum of \$5,000.00 to be paid into a capital reserve fund for construction and equipment of a new school.

Art. 10: Voted to pass the article.

Art. 11: Voted to adjourn.

Attest: RUTH L. MCGHEE.

Clerk

REPORT OF SCHOOL STUDY COMMITTEE

1960-1961

The School Study Committee was authorized "To study the facilities we have and make a report so that the School District may decide whether or not to set up a building committee." The committee as originally appointed consisted of Thomas Arnold, Chairman, Beatrice Hall, Dorothy Haight, Dorothy Wood, Donald Sommers and the School Board. Dorothy Wood resigned from the Committee and was not replaced.

The Committee has met regularly since April 1960 and has:

- 1) Examined the present problems of the School District.
- 2) Studied (in conjunction with similar committees from Amherst, Hollis and Mason and with state officials) the advantages of forming a Co-operative School District.
- 3) Studied the advantages of building a grade school in Borokline.

The Committee unanimously recommends that:

- 1) The School District construct a school on the School District land on Milford Street at the earliest possible date.
- 2) A committee be kept active to continue discussions with Amherst, Hollis and other towns to determine whether a co-operative district will be advantageous in the immediate future.

Summary of Committee Findings

It would be almost impossible to list all the activities undertaken by the Committee at the more than 40 meetings held, however, the most significant items are listed below:

Present Overcrowding

a) Grade	No. of students for which State approves room	Average number of students 1960-61
1-2	20	34
2-3	18	36
4-5	16	28
5-6	24	28

b) A Public meeting was advertised and held in the primary school in order that interested townspeople could make suggestions to the Study Committee. All present agreed new facilities are required.

Population Trend

a) The statistical analysis performed two years ago still holds true. Growth at the rate of eight students per year is to be conservatively anticipated.

Daniels Academy Building

The proposal for alterations of, or addition to the Daniels Academy Building was abandoned for the following reasons:

a) The ownership and use of the building are not clearly defined or vested in the School District.

b) The playground area is not sufficient and does not meet State standards.

c) No state building aid (usually 30%) would be available because the land and building is not owned by the School District. This would make the cost very high and Brookline would not have a fireproof school.

Location

The land at the present primary school and at Daniels Academy is not sufficient for future building.

The School District owns land on Milford Street and Springvale Ave. between the homes of Mr. C. Clifford and Mr. L. Jeffreys. This land is sufficiently large and centrally located.

New Construction

The recommended new construction offers several advantages including:

a) All primary students in one fireproof building. This permits better communication and co-ordination of studies among the teachers and avoids duplication of teaching aids.

b) Mr. Richard Goodnan (the new Superintendent) has noted that adequate physical plant aids in attracting and holding the most competent teachers available.

c) Mr. John G. Economopoulos (Director, Elementary School Services) reported in a letter of 20 January 1961 that the proposed construction would provide an opportunity for grading of students in reading level groups and would provide for better coordination between levels. He further reports that "The available research indicates to us that retardation is lessened in such an organization."

d) Operating economies would be achieved in a single building because:

- a) Janitor service would be reduced in cost
- b) Heating would be reduced in cost

e) Dr. Roland B. Kimball (Chief, Division of Instruction, N. H. State Department of Education) and Mr. Damon A. Russell (Director, Administrative Services, N. H. State Department of Education) examined Brookline's physical plant and presented five suggested actions, in their letter of 30 December 1960. The first of these was that Brookline build a six classroom school containing in addition a multi-purpose room, kitchen, teacher's room, health room, supply storage areas, and toilet facilities.

The cost of new construction will be as follows:

a) Mr. Damon A. Russell supplied an "estimated cost for Brookline Elementary School" of four (4) classrooms totaling \$83,300. If a kitchen, storage and activity areas were included, the estimate was \$123,000, not including landscaping, water supply etc.

b) A school building contractor has advanced plans permitting a five classroom school with teacher's room, sanitary facilities for an estimated \$84,000 not including landscaping, water supply etc.

c) The greatest increase in taxes due to school construction will be in the first full year of principal and interest.

\$4,250. (principal 1/20th of bonds of \$85,000)

3,400. (interest: 4% of \$85,000)

7,650.

1,275. (less state aid: 30% of \$4,250)

\$6,375. Cost to the district

A cost of \$6,375.00 is only \$1,375.00 more than the \$5,000.00 set aside for the last two years toward a capital reserve fund.

Consolidation

The School Study Committee has discussed mutual problems with similar groups from Amherst, Hollis, and Mason.

The discussions with Amherst and Hollis were in great detail. Subcommittees (2 members) from each town were appointed for Curriculum, Finance, and Population.

High points of these discussions included:

a) Agreement that the best co-operative would be grades 1 through 12 with individual primary schools and consolidated grades 7 through 12. This would permit departmentalization and better instruction in grades 7-12. It would reduce transportation costs.

b) An academic curriculum of superior quality would be adopted.

c) Growth in all three towns continues at approximately the same rates.

d) The highest cost (by either state approved formula) per pupil would be borne by Amherst; the lowest, by Brookline.

e) State aid is usually 30% for single towns, 40% for three town consolidations, and 45% for four town consolidations.

f) The cost of entering into a co-operative district is reduced to each town by the fair value to the co-operative of the town's school buildings.

g) The investigation of a co-operative district is not complete, particularly with respect to cost. No recommendation is being made at this time, in any of the towns involved.

h) Detailed preliminary reports of thirty-one (31) typewritten pages were prepared by the sub committees. The research was exhaustive and is available for the use of future school groups.
